 center drawer

## accessories

## since 1953

Floreense is totally committed to environmental protection. The ISO 14001 certificate covers all environmental aspects, beginning with the extraction and production of raw-materials to the disposal of industrial waste. The veneers are natural, pre-composed wood originating from reforested areas; the result is unique patterns with perfect consistency, no defects and high resistance to light. All these features make Floreense products ecologically correct.

A benchmark for furniture companies, equipped with the latest technology. It was the first furniture manufacturer in Brazil to earn the International Certificate ISO 9001, warranting high quality for products and service. This is respect to customer.
